MARBLED HAND-BOUND NOTE BOOK

\$720

DESCRIPTION

This notebook can be used in the home, at the office, and is also perfect for traveling. The high quality pages in Cordenons acid-free paper (150 gr 35% cotton) were bound together by hand and the spine and end bands were wrapped with a layer of vegetable-tanned Tuscan calf skin. The hard cover features an exquisite hand-marbled decoration, done on acid-free paper. The two end pages feature elaborately decorated pages printed in the oldest typography in Florence, dating back to 1901. Blind tooling was used for the working of the leather.
