MARBLELOUS OVAL I PLATE BY FEDERICO PEPE

\$1,010

DESCRIPTION

This eye-catching oval plate is part of a limited edition of 10 pieces designed by Federico Pepe and characterized by a hand-engraved drawing of a man's profile converging at a vanishing point to create an optical illusion. The dramatic sense of depth and movement is enhanced by the contrast of the thin, black lines over the white marble. A bold statement piece, this plate can be displayed alongside other pieces from the same collection in a minimalist living room or entryway.
