MAREE EMERALD CONSOLE

\$43,850

DESCRIPTION

A superb piece of functional decor that will elevate the style of any entryway, hallway, or living room with contemporary sophistication, this exquisite console is part of the Transparency Matters Collection. Resting on two rectangular brass legs, the top is made by emerald green cast resin, completed with brush strokes of more textured resin, applied with a fluid movement that gives it a liquid-like look. This unique console may show differences from the pictured item due to stylistic choice and the hand-process used to craft it.
