## MARGHERITE EARRINGS

\$190

### DESCRIPTION

This superb pair of earrings is crafted of nickel-free metal with a gold finish that gives a charming and warm glow to the pieces. Their sinuous shape is romantic and elegant and portrays in a stylized way a colorful garden full of daisies ("margherite" in Italian). The delicate leaves are adorned with Swarovski crystals, while the centers of the flowers in glass stones are pink at the top and green at the bottom in a contrasting dance of colors.
