MARIA THERESA GREEN CHANDELIER

\$17,330

DESCRIPTION

Inspired by the traditional shape and complex decorations of the 18th century chandelier, this piece reinterprets it in a contemporary way, creating a timeless lighting fixture that will complement any decor. This chandelier was entirely hand-manufactured and features two tiers of lights, decorated with glass pendants both at the top and under every light. The lime green color can be changed in sapphire or aquamarine, or tinted glass among other options available. Please ask the concierge for details.
