MARITIME OAK CHAIR BY BENJAMIN HUBERT

\$1,650

DESCRIPTION

The name of the Maritime Chair is a clear reference to its inspiration, as its distinctive silhouette recalls a boat's hull and the frame's visible supports on the outside result from handcraft precision-work inspired by traditional shipbuilding techniques. This distinctive chair perfectly integrates an elegant design and a rustic look, the bent shell seat (45 cm height) of solid oak wood creating an unexpectedly soft and flowing appearance that contrasts with the flat surfaces of the frame.

DETAILS & DIMENSIONS

- Material: Oak wood
- Dimensions (in): W 20.08 x D 21.26 x H 29.53
- Dimensions (cm): W 51 x D 54 x H 75
- Handmade In Italy
