MATTEO FRUIT BOWL BY MATTEO THUN

\$5,560

DESCRIPTION

This unique bowl was designed by Matteo Thun and makes a statement whether used for holding fruit or as an outstanding display piece. Made of the highest quality Italian natural stone, it features a shallow bowl in white marble atop a sculptural, minimalist base of pietra serena (gray sandstone) composed of a semi-sphere with three pin-shaped supports arranged diagonally. An exquisite object that will always be in the spotlight, whether at the center of the table, on a console, or on a bookshelf.
