\$7,910

### DESCRIPTION

Distinguished for its creativity and mystical allure, this exceptional rug exemplifies Malcusa's artistic vision. Made of hand-knotted wool and bamboo fibers by Tibetan craftsmen, the rug's remarkable mandala design has fourteen concentric rings: each ring boasts a distinct pattern - ranging from fronds and flower petals to scrolls and diamonds - and is enhanced by the rich color palette of vibrant reds, whites, greens, and golden-yellows set against a natural beige background. Used as a rug or hung as a tapestry, this piece is truly one-of-a-kind. Customization upon request.
