MEDITERRANEO CORALLO SET OF THREE PLATES #2

\$180

DESCRIPTION

This elegant three-piece plate set fashioned of ceramic will add a touch of timeless sophistication in any modern decor. Designed by Sovrappensiero Design Studio, this ceramic set boasts a stylized coral design drawn from the classic marine motifs of Vietri ceramics. Entirely hand-painted by master Pierfrancesco Solimene, the coral's dynamic red-and-black brushstrokes create a sense of movement and texture that seemingly jump off the white ceramic canvas. This one-of-a-kind set can be used as centerpiece or wall decoration to heighten the elegance of any interior decor.
