## MEDUSA EXTRACOLOR SMALL ORANGE VASE

\$510

### DESCRIPTION

Part of the Medusa series, this vase was designed in 1995 by Gaetano Pesce for the Fish Design collection. It was entirely crafted of soft resin, with the multi-colored bowl enclosed in a striking web of thin orange strings caught in the moment of being poured over. Either alone or combined with others by the same designer, this object of functional decor will make a unique and colorful statement in a contemporary home.
