## DESCRIPTION

Combining vivid colors and a bold silhouette, this vase will make a stylish statement in a contemporary home. This striking piece, crafted entirely of soft resin, was designed by Gaetano Pesce in 1995 for the Fish Design collection and its textured surface is made up of a multitude of wave-like strings that gather at the bottom creating the base. This one-of-a-kind piece can be displayed alone or combined with others from the same collection. Each piece is handmade so colors may differ slightly from the image shown.
