MELODIE CHAIR

\$3,590

DESCRIPTION

Marked a stunning silhouette inspired by the elegance of mid-century decor, this chair will be a versatile and striking addition to a modern interior. Its intriguing design combines a structure in solid American walnut with satin brass-finished metal tips, slanted back legs, and an enveloping external frame for armrests and back cushions. The round corners of the wooden frame match the soft volumes of the piece, upholstered in nubuck leather for the interior and Rafia fabric for the exterior, both in a matching gray hue.
