MEMORIAL PLATE

\$110

DESCRIPTION

Inspired by the dynamic and colorful shapes created by painter Juan Miró², this plate in ceramics is part of the Prose series, designed by artist Vincenzo D'Alba in 2014. A rigorous formal and geometric research creates the rich black and gold decorations that adorn the white background of the piece. The sinuous lines and round shapes dancing on the ceramic create a light and pleasant effect that will enrich the decor of a modern dining room.
