DESCRIPTION

This limited-edition rug was designed by Nathalie Du Pasquier in 1985. Hand-knotted of wool, its vibrant composition evokes the dynamic colors and motifs found in modern Mexican art. The long rug is composed of four panels that combine geometric shapes and organic floral motifs, the staggered arrangement connected by orange-and-black squares and rectangles. This piece will be at home in a eclectic or vibrant living room or dining room interior. Handmade by craftsmen in Yum technique. Materialism Collection.
