## METÀ MORPHOSIS ICE BUCKET

\$490

### DESCRIPTION

A superb addition to a sophisticated home, this ice bucket is a sculptural piece of functional decor that can be displayed on special occasions to create a refined effect. It is part of the MetÀ Morphosis collection and can be combined with other items in the same series. It is crafted of crystal and its simple silhouette is enriched with a bottom textural decoration boasting a geometric motif enclosed in a wave-like edge. The two side handles are in metal.
