Artigianato Muranese

MEZZE LUNE SCULPTURE

\$3,240

DESCRIPTION

An otherworldly flair characterizes this splendid green sculpture crafted by Murano master glassblowers. Resting on a square base, its sinuous body comprises two intricate, tapered elements put side by side that symbolize two moons captured in their crescent phase. Its impactful aesthetic where colorful threads acquire a lace-like effect radiating out from the bottom is obtained using the "zanfirico" technique.
