## MICHEL TABLE

\$11,185

### DESCRIPTION

This imposing piece will make a statement in a dining room or office, thanks to its visual impact and elegant use of materials. The base is in metal with a delicate rose gold finish. From it, stem two sets of three legs each in wood with a striking ebony veneer that contrasts with the metal, which also appears in an oval ring connecting the base. The top is a stunning piece of Emperor marble, with its dramatic veins and one-of-a-kind natural decorations. Other finishes, veneers, and dimensions are available, please ask the Concierge for options.
