MICHEL TALL CABINET

\$7,090

DESCRIPTION

Part of the Michel series, this tall cabinet is a superb addition to a modern or vintage-inspired decor. An ode to the charm of the '50s style, this piece is distinctive for its geometric silhouette supported by short, slanted legs in ebony with a glossy black lacquer, and characterized by a superb front equipped with two doors elegantly adorned with a diamond-shaped Macassar ebony veneer with a matte finish. Worked by hand, the two front panels are equipped with a key-lock closure. Inside the dark stained interior has two internal shelves.
