MICHELANGELO SET OF 2 GREEN DESSERT PLATES

\$550

DESCRIPTION

Sophisticated and modern, this set of two dessert plates is a modern take on the earthy dynamism characterizing Michelangelo's artworks. Fashioned of fine porcelain, the plates feature a background that is hand-painted in dappled green and mottled with golden splotches throughout the surface. The 24K gold leaf rim flaunts an irregular profile, alluding to the unfinished nature of some masterpieces made by the namesake sculptor. Luxe and unique, the set is not microwave safe.
