MIL COFFEE TABLE IN MARQUINA MARBLE BY BÜRO FAMOS

\$1,610

DESCRIPTION

This sophisticated coffee table mixes noble materials, a traditional artisanal preparation, and a modern silhouette softened by curved corners and a round top. The base, shaped as four elements crossing in the center, is made in durmast with a brushed black finish and supports the top in luxurious Marquina marble (also available in Carrara or Calacatta). Other choices for the top are transparent or tinted glass. Durmast wood with a white or natural finish is available both for base and top.
