Colli Casa

MILANO DESK

\$6,360

DESCRIPTION

Part of the Milano collection, this table's sleek silhouette embodies the balance between craftsmanship and minimalist design. The white marble table top is supported by a pair of metal legs in an open, cantilever framework, connected by a long rod. The textural contrast between the delicate veins of the marble and the metal base adds a striking visual contrast. This statement piece will complete any living room or dining room decor. The base is available in three different sizes and the metal legs in a variety of colors.
