## MILLEBOLLE MEDIUM AMBER VASE BY LUCA NICHETTO

\$1,220

### DESCRIPTION

Part of the Millebolle Collection designed by Luca Nichetto, this elegant vase reveals the subtle elegance of traditional glassmaking. The conical silhouette with its flared sides and narrow mouth is distinguished by the intricate array of large air bubbles embedded in the amber-hued glass. Individually hand-blown, these bubbles create a striking textural and color contrast with the clear glass, for a dynamic aesthetic. Best showcased on a foyer console or coffee table with others from the same collection.
