MILLER WHITE COUCH

\$13,150

DESCRIPTION

This refined sofa is a statement-making piece, with its pure white and (classic) Art Deco-inspired silhouette. A contemporary reinterpretation of a classic design, the solid wood frame provides a curved back flowing into the sloped armrests creating a charming and welcoming effect that invites to relax in style. Upholstered in soft white velvet with vertical blind tufting, this piece raises from a satin-finished brass base that gives it a lavish allure. Either in a living room, bedroom, or study, this refined sofa will make a luminous addition to contemporary or modern decor.
