MILLERIGHE SINGLE VASE NO.1

\$1,070

DESCRIPTION

Either alone or combined with the other vases in the Millerighe collection ("a thousand lines" in Italian), this vase will enrich the look of a rustic or minimalist interior, thanks to its elegant silhouette, the stunningly smooth and thin surface, and the natural, untreated effect on the wood that displays the one-of-a-kind grains and lines of the piece of beechwood from what it was made. A sophisticated choice for any room in the house, this piece will make a statement also as exquisite housewarming gift.
