MILORD ZD 6 DECORATIVE STICK

\$610

DESCRIPTION

Part of the Milord collection, this exquisite piece merges Venetian tradition with modern design. Crafted by Venetian glass masters, this decorative object is made of mouth-blown vitreous paste enriched with aventurine details. A cup-shaped top with flared rim, decorated with gray and black stripes slanting upwards, sits atop a tall conical base with black, gray, and white decorations resembling delicate brush strokes. This versatile piece will add a minimalist accent to an entryway or a bookshelf, and can be displayed alone or arranged with the others from the same collection.
