Alberto Donà

MIMOSA 3-LIGHT BLACK NICKEL SCONCE

\$1,850

DESCRIPTION

This handcrafted Murano glass sconce, designed by master Alberto Donà, combines the vintage look of a glass shade with the modern-industrial detail of a metal wall fixture. Like the branch of a mimosa tree, three exquisite Murano glass globes stand tall on the black nickel-finished metal frame, their warm, brass mica specks contrasting with the black hue of the metal in a balance of timeless elegance. Three G9 led 2.5 Watts light bulbs included.
