MINERVA CONSOLE

\$15,140

DESCRIPTION

This superb console is a sculptural piece that will adorn a modern entryway or living room with sophisticated elegance and the striking juxtapositions of different material, colors, and textures. The rectangular top with round corners is made of Stelvio marble with a satin finish and boasts a glossy-finished horn insert in a round shape that mirrors the a decorative disk attached to the base in bronzed metal (also available in burnished brass). Also available in Carrara or Cartagine marble - please ask the Concierge for details and pricing with these options.
