MINERVA GLOSSY BLACK TABLE LAMP

\$3,645

DESCRIPTION

Part of a collection of handmade lighting pieces, this floor lamp exudes classical elegance enclosed in a modern frame. The traditional-inspired base of the lamp is topped by a bust of Minerva, Roman goddess of wisdom and knowledge, crafted from a mold found in the archives of a pottery workshop in Nove (Vicenza). This stunning addition to a sophisticated interior is crafted of ceramic with a glossy black finish. This elegant look is combined with a touch-activated system that makes the lamp sensitive to the touch to turn it on/off or dim. 7W LED bulb, 3000K. Voltage: 100-240V.
