MINIMAX SCULPTURE #1 LIMITED EDITION

\$520

DESCRIPTION

Named after two contrasting concepts, this iconic sculpture is inspired by the image of a light and delicate air bubble surrounding a thicker and heavier matter. Handcrafted of Murano crystal, it features a transparent body enclosed in a deep red outer element, seemingly embracing and protecting the inner one. This piece was designed in 2008 by Carlo Moretti for a limited edition of sculptural objects.
