## MINOTAURO VASE

\$440

### DESCRIPTION

Ideally suited to be displayed with flowers or tall branches, this refined vase offers an alluring sculptural quality that makes it an eye-catching accent in a modern interior even without any decorative addition. This striking vase of a stylized figure embodies the power and mystique of the mythical minotaurs and boasts two tall, column-like legs that connect to a short bust and head with horns, the tops of the legs equipped with holes designed for showcasing flowers. Vase, totem, sculpture: this ceramic piece is a singular sculptural object that will catch the eye in any interior.
