MIRIAM BENCH

\$3,995

DESCRIPTION

An elegant and versatile accent in both a classic and a contemporary interior, this bench is a precious addition to an entryway, living room or bedroom. Its high- and low-density polyurethane foam adds comfort to its top, resting on a structure in wood with woven elastic belts. The base has an ebony veneer strikingly contrasting the beige nubuck leather of the upholstery with a tufted texture and the inserts in rose gold-finished metal. Other covers and metal finishes are available, please ask the Concierge for options and details.
