MOHAWK GRAY RUG

\$7,910

DESCRIPTION

Made entirely by hand in India with Tibetan knotting technique, this wool and bamboo rug is inspired by traditional Buddhist mandalas. The piece features an intricate, kaleidoscopic design with exquisite scroll and frond motifs in hues of black and gray. Lavishly rendered and accented by bold white outlines, the mandala is set against a black background, the soft gradient enhancing the textural quality of the rug. Perfect in an entryway, study, or a private yoga studio. Customization upon request.
