MOISÈ GLASS CHANDELIER

\$3,330

DESCRIPTION

Using the “rigadin ritorto” technique for the elaborate, intertwining pattern of its six curved arms and decorative scrolls, and the “balloton” technique for the bobèche, this exquisite, handcrafted Venetian glass chandelier will brighten any home with its elegant shape. The blooming floral elements and fruit pendants are made of ruby, green, yellow, and red glass, while the delicate decorations on the flared rims and base of the bobèche, as well as top and base of the chandelier, are of ruby and green “mace”. Contact the Concierge for other available sizes and prices.
