MONTÉBLACK AND WHITE VASE

\$1,090

DESCRIPTION

Part of the Monté series, this vase is an exquisite piece of functional decor. Its modern silhouette is comprised of five cylinders that form a geometric and modern shape. The white color that coats the ceramic is adorned by a simple horizontal line that marks the middle cylinder and gives a sophisticated accent to the piece. Either alone, or paired with the other pieces from the same series, this object will enhance the look of any home, particularly if modern.
