MOOR WOMAN HEAD WITH NECKLACE AND YELLOW TURBAN VASE

\$780

DESCRIPTION

Striking in its simplicity, this stylized vase of a Moor woman is a poetic tribute to Moorish influence in Sicilian art and culture. Her musing countenance is masterfully rendered by relief detailing in the bold eyebrows and locks of black hair. Vibrant accents distinguish the piece: warm orange for the lips and earrings, and bright yellow for the turban and necklace produce a stunning visual impact. On a living room side table or entryway console, this statement piece is sure to impress.
