MOS CABINET BY GAMFRATESI

\$6,830

DESCRIPTION

The fascinating natural allure of Vienna straw is celebrated in this iconic design by the duo of architects GamFratesi, a refined and modern cabinet that can be combined with the console, side table, and bookcase from the same series. Airy and elegant, it is handcrafted of curved and black-lacquered beechwood and Vienna straw. The entire piece rests on brass feet. Available in a natural finish upon request to the Concierge.
