MOSAIC CLASSIC RUG

\$8,780

DESCRIPTION

Evoking the textured and rustic character of Ancient Roman tile mosaics, this remarkable rug was masterfully fashioned of wool and bamboo by Tibetan rug-makers specialized in hand-knotting. Elongated, three-dimensional stone blocks are colored in warm earth tones, particularly gray, taupe, brown, and beige. The colors contrast with the dark background enhancing the textural depth of the piece. Singular for its masterful use of color and form, this timeless composition will exude classical elegance in any decor. Customization available, please contact the concierge.
