### MOSAIC SET OF SIX ESPRESSO CUP WITH SUGAR BOWL AND ROUND TRAY

\$620

#### DESCRIPTION

A superb way to serve coffee in a classic or modern interior, this set comprises six espresso cups and a sugar bowl resting on a round tray. Entirely made of ceramic, the surface of each piece is hand-etched with a steel tool to create a mosaic-like pattern. Each "tile" is subsequently painted to reveal elegant floral motifs and finished with hand-applied pure gold, the colors set by a third and final firing in the kiln for a lavish effect. The diameter of the tray is 33 cm.
