Officinando

N. 4 CHARGER BY LORENZO BOCCA

\$105

DESCRIPTION

Mesmerizing and sophisticated, the decorative motif that graces this charger is a superb choice for a modern or contemporary interior. It can be used as an accent to add texture and color to a living room, or as a charger along with other pieces in the same limited edition by Lorenzo Bocca. Made of brushed steel, the plate boasts a screen-printed decoration in which the repetition of black and white triangles creates an elegant pattern, adorned with a red accent.
