NANCY L-SHAPED GREEN SOFA

\$5,600

## DESCRIPTION

Slanted, 13cm-high feet in natural wood sustain the plush silhouette of this sofa, a splendid mix of earthy tones and retro-inspired details. A soft quilted design enlivens the back and seat cushions, their edges sealed by double-stitched seams and their volumes filled with non-deformable, expanded polyurethane. The partially removable upholstery is offered in an intense shade of green that completes its nature-inspired palette. Decorative cushions are not included.
