## NAPOLEONE GOLD AND WHITE TABLE LAMP

\$2,770

### DESCRIPTION

Regal in its name as it is in its appearance, this table lamp seduces with its hourglass-like body in fine, white porcelain richly adorned with golden borders and garlands in impeccable Empire style. It makes for a spot-on addition to refined classic homes needing an extra dash of opulence and a warm, inviting illumination for a relaxed ambiance. A traditional, pleated fabric lampshade with golden hems completes the design.
