NATSUMI RED PLATE #1

\$110

DESCRIPTION

Inspired by the traditional Imari imagery that uses a three-color palette, this plate depicts an exotic Japanese landscape in brilliant gold set against a rusty, reddish-orange with a figure wearing cobalt blue, a color that occurs also in the rim, creating a delicate and refined contrast. This exquisite porcelain plate is part of the Natsumi series of the Grand Tour collection by artist Vito Nesta, which includes pieces that evoke distant lands and cultures.
