## NEKKAR DESK LAMP WITH SILVER LEAF

\$590

### DESCRIPTION

The design of this striking lamp uses geometric elements and noble materials to create a timeless piece that is a luminous celebration of tradition and innovation. The square base in brass, covered with a precious silver leaf, supports the shaft, in the same material and finish, which features a square base and a square decoration toward the top. The round shapes of the fabric shade contrast the straight lines of the rest of this piece and the delicate colors enveloping it.
