Francesco Elli by Tommaso Elli

NEOCLASSIC CHAIR #1

\$3,070

DESCRIPTION

The Neo-classic style marking this chair's original design is enriched by one-of-a-kind decorative motives. The solid wooden structure is embellished with anthropomorphic carvings and boasts two front zoomorphic legs and an open backrest exquisitely carved with a "water leaves" pattern. The plush seat (46 cm high) comes with a default white lining and features a spring support system. Golden details gracing the frame add a further accent of luxury to this piece that is part of the Francesco Elli Collection. Please ask the Concierge for other water-based, natural finishing options available.
