Antonio Ciulli e Figlio

NEREIDE ASHTRAY

\$990

DESCRIPTION

This neo-classical piece of functional decor will make a sophisticated statement in a classical interior and can also be a superb choice for a housewarming gift. Its square shape is made of amber-colored crystal, which has 24% PbO. The piece rests on a clawfoot base with satin gold-finished bronze. The same precious material and finish appears in the decorations on top and bottom of the piece, on the garlands on each sides, and on the four cigarette holders on top.
