NERONE TURQUOISE DINING TABLE

\$14,055

DESCRIPTION

Timeless elegance and opulent style define this exquisite dining table crafted and decorated by hand in the 17th-century scagliola technique. Supported by four cabriole-style, brass-cast legs with ornate pad-style feet, the imposing rectangular top (8 cm. thick) is enlivened by turquoise scagliola shagreen, whose rich color and veins are entirely handmade to faithfully reproduce the texture of the prized Ray fish. Due to the meticulous handcrafted nature, each piece will show unique variations. Colors can be customized upon request, please ask the Concierge for details.
