NETTA MEDIUM FLOOR LAMP BY ANTONIA ASTORI

\$1,360

DESCRIPTION

Designed by Antonia Astori, this floor lamp strikes a perfect balance between minimalism and sophistication. The pure geometric lines that form its silhouette are crafted of steel with a matte black finish for the base and a chromed finish in black for the single arm with cup supporting the transparent glass shade with a white, opaque finish. A stunning red detail at the base, becomes an enigmatic accent for a piece that will be eye-catching also when not lit.
