\$1,375

DESCRIPTION

This stunning piece was designed by Antonia Astori and is part of the Netta collection that will be a striking decorative accent in any modern home. Its pure geometries, contrasting colors and finishes bring to life the essential silhouette, where the spherical opaque glass shade is supported by a metal arm with a black chrome finish, standing on a base in steel with in opaque black. A minimalist decoration is given by a tiny detail in vivid red, where the base meets the vertical arm of the lamp, a gift for the attentive observer that enlivens this rigorous piece.
