### NILO VASE BY ETTORE SOTTASS - MEMPHIS MILANO

\$1,010

#### DESCRIPTION

This superb decorative object was designed in 1983 by Ettore Sottsass and crafted of porcelain. A cylindrical base with a flared mouth supports a spherical pink element on which rest a ridged mouth at a slight angle. The result is charming and eye-catching, making this vase a stunning sculptural addition to a contemporary interior, either alone or combined with the other two designs of the same series, celebrating the large rivers cradles of ancient civilizations, Euphrates and Tigris.
