Paola Paronetto

NINFEA CORTECCIA PINK TALL VASE

\$265

DESCRIPTION

A refreshing take on an ancient artistic medium, this vase is brought to life by Paola Paronetto using paper clay (trademark mixture of paper pulp, natural fibers and clay) which infuses the piece with uncommon lightness and charm. Rendered in a delicate pink, this vase boasts a tall cylindrical silhouette accented by the smooth lines in the clay that draw the eye along the length of the vase's surface. Used as a purely decorative accent or to showcase tall flowers, this alluring piece is a splendid addition to a console, sideboard, or dining room table. Every one of Paola Paronetto's creations is unique. Slight variations in shape, colour and size are to be considered a guarantee of authenticity and value. They are finished with non-toxic satin-finish enamels. Although very rarely, it is possible for them to leak after long periods of exposure to water. It is therefore advisable to test their water resistance before using them on delicate surfaces. They should not be used as dining utensils. The white pieces can be washed with water or sanitizing products, whereas the coloured pieces must be treated more gently and cleaned with a

feather duster or a soft cloth, dry or moistened very slightly with water.
